SAM PARRISH + ZACH DOHERTY

INTERNAL RELATIONS:

LUKE WARREN

VOLUNTEERS:

KYLE CONES

EXECUTIVE ADMINISTRATOR:

ALLYSON BARTLETT

This Spring we welcomed three new C-Levels who will diligently oversee the 11 Team Leads (TLs) tasked with leading one of 9 specialized teams. A noteworthy change is an additional TL assisting the C-Levels with administrative duties. The position is called Executive Administrator. We also welcomed 110 Command Team members who will serve on each of the dedicated teams. We are very excited to welcome our largest group of CT to date!

CONSTRUCTION UPDATES

In preparation for mobilization, BUILD worked on placing all of our sponsor stickers on the clinics soon to be shipped out. Design team members worked on painting a Vet symbol onto the TAVC.

Other work nights were dedicated to fixing flooring, clearing shipping numbers, and touching up both exterior and interior paint and getting the models ready for mobilization.

Members are now preparing for the permanent structure as well as refinishing the exterior of model clinic. BUILD is so excited to partner with Blessings International and Big Sky as two of our new sponsors!

MOBILIZATION

On Tuesday, March 5, at 10:30 AM, BUILD began and completed its final Clinic Mobilization before implementing a permanent structure plan. 5 clinics, 4 medical and 1 vet clinic, began their journey to their destinations from the BUILD site on Agronomy Road.

Destinations for the 5 clinics include Chad, Nigeria, Ukraine, Turkey, and Corpus Christi, with the clinics making their way around the world by land and sea with the help of several of our partners.

In addition to celebrating a year of construction and volunteering, this mobilization also represents the last mobilization before permanent structure is implemented, with the addition easing construction and future mobilizations.

GROUNDBREAKING CEREMONY

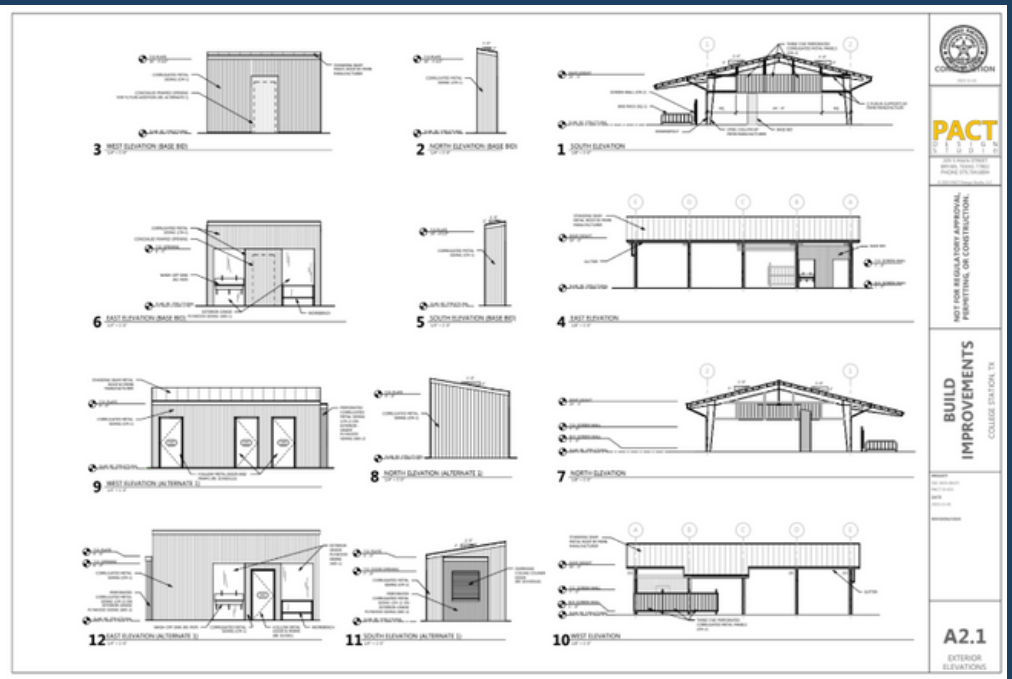

APRIL 27, 10-12PM

Join us for a groundbreaking ceremony marking the start of construction for permanent structure!

Construction will commence in early May and is scheduled to be completed by August, just in time for the fall construction cycle.

Our upgraded facilities will include permanent lighting, fans, shade, accessible electricity, rain protection, a flat work surface, bathrooms, and a dedicated check-in room.

Don't miss out on this exciting event as we work on enhancing our BUILD's infrastructure for an even better experience.

THANK YOU TO OUR DONORS
