BUILD is about serving Texas A&M, our community, our state, our nation, and even the world. It is about taking the passion, the work ethic, the ingenuity, and the selflessness of Aggies and creating something that will permanently impact lives

BUILD - 961 SOFC
1236 Texas A&M University
College Station, TX 77843-1236

MISSION

The mission of BUILD is to unite the Texas A&M University student body through a physically demanding, large-scale service project each fall.

ABOUT US

Thanks to the partnership with Medical Bridges in Houston, the TAMCs are stocked with thousands of dollars worth of medical equipment tailored to the needs of each clinic. Once arrived at the destination, the TAMCs serve as access points for vaccinations, preventative medicine, and specialty care. Over the past decade, over 15,000 student volunteers have outfitted and shipped 47 medical clinics that address and alleviating healthcare disparities in the developing world and unifying the Texas A&M University student body.

BUILD is a recognized Texas A&M University student organization and 501(c)(3) nonprofit that converts 40-foot shipping containers into fully functional, mobile medical clinics. Once fully remodeled, these Texas Aggies Medical Clinics (TAMCs) clinics are shipped domestically and internationally to communities in need. The TAMCs contain spaces for patient triage, laboratory tests, and private treatment.

The generous donations granted to BUILD will go into constructing the TAMCs and unifying the Texas A&M student body from all walks of life on campus. Your support will ensure that BUILD's unifying mission will continue strong in the coming years. If you would like additional information about how to donate and support BUILD, please get in touch with our External Relations Co-Team Leaders, Zach Doherty and Sam Parrish, at builder@aggienetwork.com.
